I had my first coaching call with Jordan. And I feel ROCKING and peaceful at the same time.

Informal testimonial for this man who held space for me and extracted awareness out of me.

Jordan, thank you so much for taking the time to meet with me today. Your insights and suggestions on how to take my performance to an even higher level were genius. I've never heard these from any high performance expert I've ever worked with. My only shock is that you sill have availability. I can't wait to introduce you to the highest performers I know and watch you blow their minds!!

It is INCREDIBLE! It is a great go-to resource! I now have to rethink my timing to sleep and eating and working... had no idea my routine had so many issues.

Dude, even just talking to you helps me really focus and analyze why I don't do what I plan to do. You're there for me without judgment and that's such a good place to change from. Thanks for the patience and wisdom man! I appreciate you!

I can't believe it!!! Literally 3 days into working with you and I closed \$16,000 in deals for my agency! Getting more certainty and confidence by the day. 😊

Hey Jordan! Working with you has been really a pleasure, you are such a knowledgeable and friendly person. Before working with you I had no idea how should I use my time and energy at the best level possible due to which I was losing a lot of time but after working with you I had such an amazing experience now I know exactly what was the mistakes that I was doing, now I don't feel overwhelmed any more thanks to your sleep cycle and 1 day off formula. Thanks for what you have helped me to achieve!!
